

Choreography & Costumes Camp

Imagine the pride and accomplishment that comes from being the creator of your own dance performance! In this week-long camp, participants will learn about the many elements of the choreography process (including space, time, energy, dynamics); they will learn how to chart music and put steps together to create their own original routines. In addition, this week will be jammed packed with costume crafting, team-building games and improv activities. All this work & fun will culminate into an end-of-week presentation.
