## ADVANCED CLASSES

Previously known as “Company Classes” these classes give more of an ADVANCE training compared to our recreational classes. Participation in the following classes is determined based on a student’s ABILITY as well as prior dance experience. Dancers may be evaluated during the first two weeks of classes to make sure they are placed in the perfect class for them. Note – There are times company members practice their competition routines the last 5 minutes of class. If you need help with placement or choosing the correct class or level, please contact us!
